## Aleged Murder Fugitive Sought In Hoover Case

DAWSON CREEK, B. C., April 18.—A hastily-formed posse of residents of this district led by Corp. Smith and Constable Clay, of the B. C. police, were scouring bushlands near here Tuesday in an effort to locate Otto Swartz, wanted for questioning in connection with the murder of Al Hoover on the Austin ranch at Tupper Creek, Monday morning.

Neighbors of the Austin ranch reported to police that shortly after 9 a.m. Monday they heard rifle shots. Rushing out of their homes they noticed the buildings on the Austin ranch—a house, two barns, two granaries, pig pens and haystacks—all aflame. They also reported that they saw a person who they believed to be Otto Swartz, hired man on the Austin ranch, several years, running around the ranchyard with a rifle in his hands.

Buildings DESTROYED  
They saw the man disappear into the bush when they arrived at the burning place. They then checked the flames which destroyed all the buildings and burned to death two horses and two calves as well as destroying all harness and other equipment.

Near the gate they found the body of Al Hoover, old timer in the district and a member of the Beaver Lodge Elks club. Hoover had been shot through the chest several times with a .38-40 calibre rifle, and had apparently died instantly.

From the Austin family, who live about half a mile from the ranch buildings, it was learned that Hoover had been engaged to take over active management of the ranch and that Swartz, who had been working on the ranch for several years, had been dismissed as a result of a dispute.

Swartz, a German, has lived in the Tupper Creek district for a number of years.

## Gay Paree Gets Down To Earth

With Europe churning in endless rumors of a new attack—somewhere—by Nazi Germany, Paris, like London, made ready by digging such underground caves as these, in suburban St. Cloud, for protection against air-raids.

## HITLER NAMES VON PAPAN AS TURKISH ENVOY

Fuehrer Makes Surprise Move To Strengthen Case Against Bloc

BERLIN, April 18.—Chancellor Hitler in a surprise move tonight drew former Chancellor Franz von Papen from retirement and named him ambassador to Turkey.

In sending von Papen to Ankara, Hitler once again showed the depth of his determination to make every possible move to strengthen his position in southeastern Europe and south western Asia.

## TODAY'S ODDEST NEWS

FLORENCE, S.C., April 18.—Fifteen-year-old Mary Jo Cockfield's mother gave her three pennies to put in the Sunday school collection. But the teacher turned one of them back, telling her it was no good. After hard pleading, the mother, Mrs. T. C. Cockfield, discovered the penny was a \$2.00 gold piece.

OKLAHOMA CITY, April 18.—Traffic policeman W. S. McCall must have been a very busy man today, for he had to turn it down because he couldn't fill more requests. He couldn't turn an auto.

## Farmers Pledge Grain Donation To Build Road

WEMBLEY, Alta., April 18.—Dozens of farmers in this wheat-growing area have pledged themselves to donate one acre of grain to the Government for the building of a road to the Menkman Pass Highway association to raise funds for completing the road.

The farmers have signed forms pledging delivery of one acre of grain—with an average yield of 55 bushels—to the association. The grain will be used to build 150,000 bushels of grain under the plan.

The 100-mile road built by volunteer labor of settlers, runs from Hanzard, B.C., to Alberta's Peace River.

## DUCE'S PAPER REJECTS PLEAS OF ROOSEVELT

MILAN, April 18.—Premier Mussolini's newspaper, Il Popolo D'Italia, Monday said President Roosevelt's peace message had already been rejected in Italy "by a prompt reaction of the national conscience."

"We deny the president any right to intervene in European questions because his country is not directly interested as well as because he personally has not the slightest claim to assuming the role of friendly impartial mediator," the paper said.

The article, headed "Unworthy Manifestation of Roosevelt," bore a Rome date.

Newspaper circles said if it were not written by Mussolini himself it certainly represented his ideas.

## Partial Eclipse Of Sun Will Be Visible Tomorrow

NEW YORK, April 18.—A partial eclipse of the sun will be visible in the United States and the northern part of Canada tomorrow.

At no point will much more than half the sun be covered by the moon, but it will be necessary to see the eclipse.

The eclipse will be visible in the sun will be covered by the moon, it is predicted. The magnitude of the eclipse will be 0.85 at 9 a.m. Pacific time. The eclipse hours for the mountain standard time zone are 8:30 a.m. to 11 a.m.

## Improve Efficiency In Rail Terminal

OTTAWA, April 18.—Co-ordinating Canadian National Railway terminal facilities, Rail Road Board will bring about economies and a general improvement in efficiency, S. W. Fairweather, chief of the C.N.R. research bureau, told the committee today. It is considering the C.N.R. annual report.

## MARCHIONESS OF ABERDEEN DIES: AGE 82

Founder Of V.O.N. and National Council Women In Canada Passes

ABERDEEN, Scotland, April 18.—Isabel Marchioness of Aberdeen, 82, widow of a former Governor-General of Canada, died of heart disease at her home here today.

By THOMAS WATLING  
Exclusive to Edmonton Bulletin

OTTAWA, April 18.—The Marchioness of Aberdeen, a pioneer in Canadian social work, died at the age of 82.

The founder of the National Council of Women in Canada, the Victoria Order of Nurses and other phases of women's work in the Dominion has ended a long, useful life.

After the coronation in 1897 the Prime Minister of Canada made a pilgrimage to Aberdeen to see the great old lady. The Bulletin's correspondent went along with Mr. King stopped at Dundee for a lunch the city tendered him, and the 80-year-old marchioness met him from Aberdeen to Dundee.

## Hungary's Fighting With Fascist Chieftains

Premier Teleky, Foreign Minister Csaky Arrive in Rome For Conferences With Mussolini and Count Galeazzo Ciano

ROME, April 18.—Premier Teleky and Foreign Minister Csaky of Hungary arrived here today and were met at the station by Premier Mussolini, Count Galeazzo Ciano, Italian foreign minister, and Achille Starace, secretary of the Fascist party.

## RUSSIA'S AIR POWER TO AID BRITISH, FRENCH

It was expected President Roosevelt's proposal for a German and Italian peace pledge and the situation it had created in Europe would be one of the subjects which Mussolini and Count Ciano would discuss with Hungarian leaders on their visit here.

The Fascist press stated unfavorable Hungarian reaction to the president's proposal as evidence of Hungary's sympathy and friendship with Italy and Germany.

## Booster To European Anti- Aggression Front In Sight

By RALPH HEINZEN  
British United Press, Exchange Cable to Edmonton Bulletin

PARIS, April 18.—French authorities late yesterday reported that France and Great Britain had reached an agreement to discuss the legislative vacuum created by the death of W. C. Hayes, the Social Credit member, E. L. Gray, Alberta Liberal leader, visited the constituency last week and discussed matters with some of his followers here.

The meeting Friday will discuss conversion plans and party participation in the by-election to fill the vacancy.

Executive of the Honey Plain Liberal constituency will meet at Honey Plain Friday of this week to discuss the legislative vacancy created by the death of W. C. Hayes, the Social Credit member, E. L. Gray, Alberta Liberal leader, visited the constituency last week and discussed matters with some of his followers here.

## GRITS TALK VACANT SEAT BY-ELECTION

Executive of the Honey Plain Liberal constituency will meet at Honey Plain Friday of this week to discuss the legislative vacancy created by the death of W. C. Hayes, the Social Credit member, E. L. Gray, Alberta Liberal leader, visited the constituency last week and discussed matters with some of his followers here.

The meeting Friday will discuss conversion plans and party participation in the by-election to fill the vacancy.

## PIROW URGES FREE HAND IN EVENT OF WAR

CAPE TOWN, April 18.—Oswald Pirow, South African department of agriculture, said today that a free hand for the government in the event of war in the light of conditions then prevailing.

"There are circumstances, in which we might become involved, and the government's hand should be strengthened in order that we may meet any trouble with a united front," Mr. Pirow said.

"It would be criminal for any government to be in a position to go into war if it could be avoided, but in any case we will be prepared to meet any emergency."

## MICHIGAN GETS SHIPMENT OF LEDUC BIRDS

LANSING, Mich., April 18.—Michigan conservation department officials announced today over a shipment of 150 Hungarian partridges received from Leduc, Alta., to be held by city police today and three others who escaped are being sought.

Seventeen of the girls ranging in age from 14 to 18 years, are charged with the malicious destruction of property last night's disturbance and are being held by city police today and three others who escaped are being sought.

The girls, according to their freedom, were curfewed at the school, smashed windows and furniture, and other property was damaged, and pouring water over the walls and ceilings.

## Enlarge Canal

WASHINGTON, April 18.—The United States House of Representatives merchant marine committee approved today a bill authorizing improvement and enlargement of the Panama canal.

## Oldham Wins

OLDHAM, Eng., April 18.—Oldham defeated Halifax 14-2 in an English Rugby League match played here today.

## Rounding Out Half Century

DAVID LLOYD GEORGE who passes another milestone in his parliamentary career.

## Lloyd George Starts 50th Year As M. P.

By PAT UNSHER  
Canadian Press Staff Writer

LONDON, April 18.—David Lloyd George passed another milestone in his long parliamentary career today.

When the House of Commons reconvened its session it marked the start of Mr. Lloyd George's 50th year as a member.

The first took his seat April 17, 1890—budget day. Eighteen years later he started the day as a member of the House of Commons.

The wartime prime minister, 78 in April, still starts the day as a member of the House of Commons.

Only a handful of the members of the House of Commons of 1890 are still alive. Five of them now are peers—Marquess of Salisbury, the Earl of Balfour, Lord Balfour, Viscount Ulster and the Earl of Milford.

## CHAMBERLAIN HAVE PORTRAITS OF KING, QUEEN

LIFE-size oil paintings of Their Majesties King George VI and Queen Elizabeth will be hung in the House of Commons today.

Queen Elizabeth will be hung in the House of Commons today.

The provincial government commissioned Turner Taylor, Vancouver artist, to paint portraits of both the King and the Queen.

Mr. Taylor has arrived from the coast with the pictures and, Tuesday, in the legislative chamber, was finishing them off.

The portrait of His Majesty will hang on the wall to the right of the Speaker's throne.

Queen Elizabeth will be hung in the House of Commons today.

The pictures show Their Majesties in their coronation robes. They will be framed in handsome gilt frames over which will be lighted by rays which reflect their rays on the pictures.

## At Capone May Win Freedom In Four Weeks

LOS ANGELES, April 18.—Al Capone may win his freedom in four weeks.

The court of Judge Harry Holtzman today submitted today a petition for the release of Al Capone, who is charged with racketeering.

In which Capone's Chicago lawyer, Abraham Ribicoff, contends his client's sentence for racketeering is excessive and that he should be released on bail.

Behavior, he should have been released March 12.

## BRITAIN, FRANCE TO DIVIDE SEA IN CASE OF WAR

Mediterranean To Be Allocated To Two Great Navies

By J. F. SANDERSON  
Canadian Press Staff Writer

LONDON, April 18.—The general staffs of Great Britain and France have agreed in a division of the Mediterranean in wartime. It was reported on high authority tonight.

The British navy will patrol the eastern end of the Mediterranean, leaving French warships to look after the western, or Gibraltar, section.

This division of authority might account for the concentration of French warships at Gibraltar which started soon after Berlin announced that part of the German navy would head manoeuvres off the Spanish coast.

Meanwhile it is understood British and French have suggested to Moscow that Russia enter the anti-aggression front on an "if, as, and when" basis.

To scrupulous Polish and Rumanian scruples over Russian military assistance, it is reported the Soviets have been asked to make a unilateral declaration that they will not allow their military resources at the disposal of Poland, Rumania, Greece and Turkey if, as, and when any of them should request assistance in beating back an outside aggressor.

## CHAMBERLAIN PRAISES PLEA OF ROOSEVELT

Passing Reference Is Greeted With Prolonged Cheers

By J. F. SANDERSON  
Canadian Press Staff Writer

LONDON, April 18.—President Roosevelt's peace plea to Premier Chamberlain and Chancellor Hitler was welcomed by the British government with great satisfaction.

The prime minister made only a passing reference to the plea in his speech.

In a brief statement on foreign affairs Mr. Chamberlain said: "I should like to take this opportunity to express the gratitude of the great satisfaction with which His Majesty's government have welcomed the peace plea of the president of the United States."

The prime minister also said "His Majesty's government have continued to receive with great interest other interested governments, including the government of the United States."

"I am not yet in a position to add anything to the statement made on behalf of the government in the course of the debate of April 13."

## Tornado Death Toll Reaches 50

LITTLE ROCK, Ark., April 18.—Fatalities in the tornado-swept area of the United States today are rising with streams of reports of new deaths and injuries.

Deaths in the tornado-swept area are rising with streams of reports of new deaths and injuries.

## Viscount Craigavon Denounces Declaration Of Eamon De Valera

### British Peer

RELIANCE, April 18.—Viscount Craigavon, Prime Minister of Northern Ireland, Monday issued a statement denouncing Prime Minister Eamon De Valera's declaration that Eire would remain neutral in the event of a European conflict.

In a speech at Binnis, Eire, yesterday, Mr. De Valera declared the neutrality of his government as a condition precedent, in line with the desire of the people, "to keep our nation out of war."

"I look upon the attitude Mr. De Valera has taken up as a most cowardly one, especially after the extraordinary generosity of the British government toward him when it entered into the Anglo-Irish agreement about a year ago," Lord Craigavon declared.

"I would not like to go further than to repudiate in the strongest possible terms any suggestion that we should be asked to join a country where such an attitude prevails."

## THREE PERSONS ARE SLAIN IN TOURIST CAMP

SPOKANE, Wash., April 18.—Three persons were slain and two wounded, one critically, in a tourist camp shooting at Dismal, four miles east of Spokane, last night.

Police said that the three dead were: Dan Salinas, Spokane police character; Frank Lindt, Sandpoint, Idaho; and Mrs. Skerret, Sandpoint, Idaho.

The wounded were: Phil Lohley, Sandpoint, shot in the leg; and a woman, whose name was not given, shot in the head.

Police said Salinas, who died of wounds, was a member of a group of about 100 persons who were in the camp when the shooting started.

## Miss Whitton To Quit Welfare Board

OTTAWA, April 18.—Miss Charlotte Whitton, president of the board of directors of the Canadian Welfare Council, today announced her resignation as executive director, effective next April 30. She has been advised by her physicians to take a rest.

Associated with the council since its inception 19 years ago, Miss Whitton had been a full time official for 12 years.

## Canadian Loses NEW ORLEANS

NEW ORLEANS, April 18.—Jimmy Dugan, a Canadian, won an easy 15-round decision over Johnny Gault, a St. Bonifacian, last night. Gault weighed 124 and Gault 125.

## Not In The Catalogue

THE ALLY OVER WHICH THE TCA FLEW IS PASSENGER, MAIL AND EXPRESS SERVICE, WAS, HE WENT ON TO SAY, TO VICTORIA AND SEATTLE, AND FROM LETHBRIDGE TO CALGARY AND EDMONTON. WITH AN EXTENSION TO COME IN A FEW MONTHS TO MONTREAL, N.B. THE FACT THAT SUCH A VAST ORGANIZATION COULD BE BUILT UP IN SUCH A SHORT TIME AND BEYOND TO SUCH A LARGE NUMBER OF EFFICIENTLY TRAINED MEN, MR. JOHNSON DECLARED, FOR THE PERSONAL.

THE RADIO RANGE AND METEOROLOGICAL SYSTEMS, AIRPORT LIGHTING, HANGARS AND OTHER DETAILS WERE THE MOST MODERN AVAILABLE. THE SAME WAS TRUE IN ANY OTHER COUNTRY. COULD AND OF THE SHOPS WHERE THE PLANES WERE PERIODICALLY OVERHAULED. THE PLANE HAD BEEN GIVEN THE MOST EXTENSIVE TRAINING KNOWN TO TRANSPORT SERVICE.

FLYING IN CANADA, MR. JOHNSON POINTED OUT, WAS NO MORE DIFFICULT THAN IN ANY OTHER COUNTRY. COLD AND SNOW PROBLEMS WERE NOT INSURMOUNTABLE. FLYING WAS, IN FACT, A LITTLE SIMPLER THAN IN THE UNITED STATES. IN CANADA THERE WERE ONLY ABOUT 400 MILES OF RAILROADS TO CROSS AND THE HIGHEST LANDING FIELD WAS ONLY HALF THE ELEVATION OF THE HIGHEST USED REGULARLY SOUTH OF THE BORDER. WITH THE SERVICES PROVIDED BY THE GOVERNMENT, THE TCA WAS ABLE TO COMPLETE 85 PER CENT OF FLIGHT SCHEDULES IN THE WINTER WEATHER. UP TO APRIL 1, WHEN PASSENGER SERVICE WAS RESUMED, THE CONTINENT BENEATH 27,000,000 MILES HAD BEEN FLOWN. MORE THAN 11,000 POUNDS OF MAIL WERE CARRIED EVERY DAY.

CHARLES PUGH, OF 1384 11TH STREET, EMPLOYED ON THE CONSTRUCTION OF THE NEW T. Eaton Company Western Ltd. building on 10th street, was injured when he fell from the structure at 11:15 a.m. Thursday.

HE WAS RUBBED TO THE RYAL ALBERTA HOSPITAL IN AN UNCONSCIOUS CONDITION, AND THOSE ATTENDING HIM BELIEVE HE IS SUFFERING A SLIGHT FRACTURE OF THE SKULL. HE WILL BE MADE TUESDAY AFTERNOON.

HE INJURED HIS HEAD AND ONE SHOULDER IN THE FALL AND WAS TAKEN TO HOSPITAL IN A JACK HAYS AMBULANCE.

## TCA SECOND TO NONE IN WHOLE WORLD

Airlines Now Operates  
Over 5,500 Miles a Day,  
Johnson Says

MONTREAL, April 18.—Brought into being by Act of Parliament just two years ago and now operating over 5,500 miles a day, the Trans-Canada Airlines is the largest undertaking of its type in the world, Philip G. Johnson, vice-president, told the members of the Canadian Railway Club at its monthly meeting in Montreal last night.

In the United States, he said, trans-Canada airlines developed piecemeal over several years. With TCA it was all at once, from Montreal to Vancouver and Seattle, and from Lethbridge to Calgary and Edmonton. With an extension to come in a few months to Montreal, N.B. The fact that such a vast organization could be built up in such a short time and beyond to such a large number of efficiently spoken well, Mr. Johnson declared, for the personal.

THE RADIO RANGE AND METEOROLOGICAL SYSTEMS, AIRPORT LIGHTING, HANGARS AND OTHER DETAILS WERE THE MOST MODERN AVAILABLE. THE SAME WAS TRUE IN ANY OTHER COUNTRY. COULD AND OF THE SHOPS WHERE THE PLANES WERE PERIODICALLY OVERHAULED. THE PLANE HAD BEEN GIVEN THE MOST EXTENSIVE TRAINING KNOWN TO TRANSPORT SERVICE.

FLYING IN CANADA, MR. JOHNSON POINTED OUT, WAS NO MORE DIFFICULT THAN IN ANY OTHER COUNTRY. COLD AND SNOW PROBLEMS WERE NOT INSURMOUNTABLE. FLYING WAS, IN FACT, A LITTLE SIMPLER THAN IN THE UNITED STATES. IN CANADA THERE WERE ONLY ABOUT 400 MILES OF RAILROADS TO CROSS AND THE HIGHEST LANDING FIELD WAS ONLY HALF THE ELEVATION OF THE HIGHEST USED REGULARLY SOUTH OF THE BORDER. WITH THE SERVICES PROVIDED BY THE GOVERNMENT, THE TCA WAS ABLE TO COMPLETE 85 PER CENT OF FLIGHT SCHEDULES IN THE WINTER WEATHER. UP TO APRIL 1, WHEN PASSENGER SERVICE WAS RESUMED, THE CONTINENT BENEATH 27,000,000 MILES HAD BEEN FLOWN. MORE THAN 11,000 POUNDS OF MAIL WERE CARRIED EVERY DAY.

CHARLES PUGH, OF 1384 11TH STREET, EMPLOYED ON THE CONSTRUCTION OF THE NEW T. Eaton Company Western Ltd. building on 10th street, was injured when he fell from the structure at 11:15 a.m. Thursday.

HE WAS RUBBED TO THE RYAL ALBERTA HOSPITAL IN AN UNCONSCIOUS CONDITION, AND THOSE ATTENDING HIM BELIEVE HE IS SUFFERING A SLIGHT FRACTURE OF THE SKULL. HE WILL BE MADE TUESDAY AFTERNOON.

HE INJURED HIS HEAD AND ONE SHOULDER IN THE FALL AND WAS TAKEN TO HOSPITAL IN A JACK HAYS AMBULANCE.

Current Comment

The Passing Show

Side Glances

The Aggressors Identified

NEW YORK: The New York Times viewed President Roosevelt's peace proposal as having proved warning on Germany and Italy the victims of aggression "can count upon an immense moral support, at the very least, everywhere throughout the world."

The independent newspaper in an editorial said the President has sought to identify unmistakably the aggressors in advance of war, if war should come, and to rally world opinion on the side of the victims of aggression. "He has accomplished both these purposes," it added.

The New York Herald Tribune, a Republican, believed the President's message was too worded that it was not accepted at its face value by the German and Italian leaders. It would stand as an indictment of their policy, as a powerful act of diplomatic support for the Franco-British coalition.

The Message of Peace

LONDON, April 17.—Under the heading "Gettysburg," Lord Beaverbrook's Evening Standard today said of President Roosevelt's peace appeal:

"At one stroke the President of the United States has changed the face of European politics. Unconsciously, through the delicacy of his phrasing, he has reminded the statesmen of the world that they are dealing not in mere frontiers and treaty rights but in the flesh and blood of the human race."

"By this act he establishes himself as the greatest American since Abraham Lincoln, and he does it by the protection of Lincoln's own faith in the common man."

"Today, above the tramp of marching men and the din of angry prejudice and passion, the statesman of equal stature speaks to us the message of peace. Hope has shone in him like a pillar of fire when it seemed to have gone out in all others."

"We must give our thanks to the man whose words have come to us across the Atlantic in the resounding tones of a second Gettysburg speech."

The Manchester Guardian (liberal) said that Roosevelt's appeal—which "the President was unlikely to be able to improve or rapidly deteriorate. Mr. Roosevelt's effort and words of the day were not to be improved or rapidly deteriorated."

The London News Chronicle (liberal) described the appeal as "a masterpiece of statesmanship from the aggressors" and added: "After this peace message nothing can be the same again. The world will be more united, more improved or rapidly deteriorated. Mr. Roosevelt's effort and words of the day were not to be improved or rapidly deteriorated."

Places the Responsibility

LONDON: An authoritative source said President Roosevelt's appeal might prove to be of utmost value in "rallying opinion and in clearing up confusion."

David Lloyd George, wartime Prime Minister, commented: "A magnificent and momentous appeal to reason."

In London, diplomatic quarters generally, however, doubt was expressed whether the message would change the policy of the Rome-Berlin axis in any major way.

"One thing is certain," observed one diplomat. "It is the hardest message to answer in the history of diplomacy. It would be easier to declare war than to answer it."

Pessimistically, another commented, "It is a magnificent effort, but the President is holding up his hand to an avowed enemy."

The consensus in London embassies seemed to be the appeal at least would have the effect of placing responsibility for a new war if it does not prevent one.

Diplomats speculated Hitler might answer the appeal with a "very valuable piece of initiative."

"It is a great thing," said another diplomat. "It is a great thing that Roosevelt has done."

The Sunday Times (Independent) said: "In Mr. Roosevelt's noble and humane words the voice of the whole American nation is unmistakably heard. It is an appeal to which surely no head of state of great countries could fail to respond."

The Daily Express (Independent), explaining the effect of the message on its front page, termed it "one of the most dramatic telegrams in history."

An Italian-German move against Yugoslavia was feared by some, but it was not believed the British-French alliance would fight for that country. The reason advanced was that Yugoslavia was violently split internally.

Preparation in France

France has never been seriously divided about the reality of the danger which the Franco-German pact, which is now officially dead, had had a hardly noticeable existence. It is natural, therefore, that the threat is now stripped of its last ghostly mantle.

Some concentration on meeting it. M. Daladier has asked for, and received, special powers of the widest possible nature. He has asked for, and received, special powers of the widest possible nature.

Little Chance of Reduction

When the budget is presented at Ottawa next week, a "substantial deficit" is looked for, according to despatches which agree well with general expectations based on knowledge that the Canadian railway traffic and earnings are still below normal and that the wheat marketing operations have been losing money. Last summer's business "recession," a reaction from the slump in the United States, killed any prospect of a balanced budget, as tariff and other revenue fell off badly.

It is not difficult to reach the conclusion that few, if any, reductions in taxation will be announced. Other than removal of the three per cent excise tax on a wide range of commodities incident to the new trade agreement with the United States. The agreement itself reduced duties and therefore prices on a large number of household necessities. The removal of the excise tax will affect a still larger number. These reductions aside, there cannot be many, if any, others in prospect.

In fact, with increased expenditure on the defence program, the Minister will probably have to budget for another deficit next year, with increased taxation as the alternative. The latter course is not likely to be taken, in view of static business conditions. There are no branches of industry or trade which could stand heavier taxation at present without a sensible effect on earnings and employment. Until stability is regained in Europe and the world, the chances are that Canada will have to reconcile itself to unbalanced budgets and recurrent increases in the national debt.

King Carol of Rumania is to visit Prince Paul, regent of Yugoslavia. It may be just a social call, but they will likely find something besides the Balkan weather to talk about. Yugoslavia is the one missing link in the anti-aggression line-up in that part of the continent; and it has the aggressors on four frontiers.

While they did not win the Besborough trophy, national distinction came to the little company of players from Clive when Mr. Robert Haskins of their number was named the best actor at the drama festival at London. The honor is outstanding and congratulations are due to Mr. Haskins and also to the supporting players who made it possible for him to play the role with such success.

A Survey prepared for Science Service of raw materials necessary for munitions shows the difficulties to be faced by members of the triple axis—Germany, Italy and Japan—if they force war upon the world.

The first salvo by their well-prepared war machines, they would have to settle back to fight a "poor man's war."

Wear and tear on guns and equipment, heavy losses to be replaced, and the prodigious quantities of munitions blown away, would make it impossible to maintain their war machines at full strength.

That is a consideration which must give the power-raced dictators pause.

Germany has increased her home production of copper, lead, zinc and oil but is still dependent on large imports.

Bauxite for the production of aluminum is the only fundamental raw material of which the totalitarian powers have ample resource.

Generation ago, Germany lost her war of aggression when her lightning stroke against France failed. Though not adequately prepared for the British and the United States, she had the aggressor at bay till she cracked for lack of adequate war munitions before the force of the suggested Allies.

Ukrainian Aims

Editor, Bulletin: In the past few weeks letters have appeared in the local press which indicate the claims of the National Ukrainian. Any printed matter that has had its origin in the Ukrainian press is branded as "Fascist" by the Communists, and as "false propaganda" by others who oppose any show of independence on the part of the Ukrainians.

Polonia, with statements which cannot let pass without a challenge.

In his first paragraph Polonia states that the Ukrainians regard the "foundation of truth" as the "terrible and diabolical treatment of Ukrainians in Poland."

Further on he states: "His (the Ukrainians) has always fought for freedom which he highly cherishes and he tends to others." The Manchester Guardian of January 1, 1922 carried a report from its Geneva correspondent in which was stated: "Poland has been found guilty of committing excesses in Eastern Galicia."

On September 30, 1922, a group of Polish members of the Polish House of Commons addressed a petition to the League of Nations regarding the treatment of the Ukrainians in Poland.

The Ukrainians in Poland are not only very tolerant towards their minorities. "Probably he is Poland is very tolerant towards their minorities."

Polonia is very tolerant towards their minorities. "Probably he is Poland is very tolerant towards their minorities."

Polonia is very tolerant towards their minorities. "Probably he is Poland is very tolerant towards their minorities."

The lay-off affected single men generally. A few married men, however, were released and in some instances were flown out by the company. It is understood that this lay-off is temporary and that many of the men are being considered as on holidays and will be re-employed shortly after open water. Completion of wood cutting and hauling operations was considered the main cause of the lay-off. Underground crews are being maintained full strength.

The majority of the men laid off are planning to remain in Goldfields during break-up. A few will go to Yellowknife and one or two are leaving for the outside.

Dr. Fuller, flying dentist, is back in the Athabaska mining settlement to spend break-up in his office here after a busy winter looking down in the mouths of northerners at Yellowknife, Eldorado, Contact lake and other points.

The dentist was scarcely off the plane before residents were requesting appointments. There is even indication that Dr. Fuller will have

**Your Health**

The skin, being constantly rebuilt from the inside, faithfully mirrors the internal condition. When patients ask me what to do to improve their complexions I tell them the first thing to do is to improve their general health.

skin star, I usually find that the patient has been indulging in faulty health habits. Correcting these habits by putting better ones in place of them will often produce a healthy skin—that is, a skin which is smooth, clear, fine pored, satiny, and possessed of a faintly rosy tint.

Of course I can not hope to prescribe for each reader who wishes to improve the skin, but I am able

**Diet:** The diet ordinarily used has a great deal to do with the skin. A diet composed chiefly of heavy foods, or of rich foods, will be likely to produce a drab, lifeless skin. The skin condition is benefitted to a marked degree by the regular use of cooked vegetables, salads, fruits and fruit juices. If you are in aver-

To these add the eggs, meat, starches and fats or oils generally included in the dietary. If you wish to use fruit juices, I suggest you do

The fast will often clear up the skin in a remarkably short time, regardless of whether fruit juice is used, or the whole fruit. Many women have been advised to use fruit and nothing else, one day of the month, but I find that while this helps, the one day period is not long enough for the greatest benefit.

**Internal Cleanliness:** This is very important if the skin is to retain its natural freshness and youthfulness.

ness. Constipation may produce a muddy complexion, whereas a proper cleansing of the colon helps the skin to stay clear. You must keep the colon clean for true skin beauty. Also stimulate the other channels of elimination in this manner: drink plenty of water to stimulate the kidney elimination; take deep breathing exercises to stimulate lung elimination; and bathe the en-

## WORK POLICY FOR AGED IS SCORED HERE

### Labor Council Protests — Relief Officer Denies Allegation

Asserting that the principle of making women of over 60 years of age work out their relief allowances was unjustifiable, the Edmonton Trades and Labor Council Monday night requested city council in a resolution to issue instructions to the city relief departments to discontinue this practice.

The Council also sought assurance that these women, where they were capable of looking after themselves, would not be moved from their homes to be housed in charitable institutions.

The city council was also requested to adopt the principle of purchasing only union-made goods for decoration purposes during the visit of the King and Queen, and to make these purchases from Canadian manufacturers and then from British manufacturers, if necessary. Under no circumstances should pur-

No woman of 60 years of age is asked to work for her relief allowance, it was stated Tuesday by Frank Drayton, superintendent of civic relief.

In many cases they are placed in homes, often private houses, but this enables a slightly closer check on their welfare, Mr. Drayton said.

### Vet Meet Postponed

Meeting of the Imperial Veterans section of the Canadian Legion, scheduled to be held at the Memorial Hall Monday evening, was postponed owing to members desiring to remain at home and listen to results of the F.A.C. Boomer-Columbia Series.

for the E.C.C. Roamers-Canawa Generals hockey match. The meeting was to draft resolutions for submission to the provincial convention of the Legion. The meeting will be called at a later date.

# SEVENTY-CENT WHEAT PRICE IS POSSIBILITY

Drive on Ottawa From West May Have Some Results

By THOMAS WATLING  
Editorial to Dominion newspaper  
OTTAWA, April 18.—Possibility of a seventy-cent initial payment on western wheat became more apparent today.

Reports circulated over the weekend that the minister of trade and commerce would increase the sum from sixty to seventy cents were without foundation, as no such step had been taken.

In the meantime, however, there has been a very definite drive from the west on Ottawa to induce the government to make the change.

**POSSIBILITY OF CHANGE**  
The prime minister today estimated that no change had been made but that if it were made the house would be informed when the bill was under discussion, this may be taken as acknowledging the possibility of the change.

The wheat marketing question involves the minister of trade and commerce as well as the minister of agriculture and some of the reports published over the weekend to drive a wedge between the two ministers and so complicate matters, if indeed it did not bring about a breach between them.

## EMERGENCY CROP YEAR

The bill in question, the Act to Assist Agriculture in the Prairie Provinces, recognized 1939 as an emergency crop year, and the principle of a definite award in a crop failure area is recognized thus as helping the farmers who stand most in need of assistance.

## STORE PLANS RENOVATIONS: COST \$20,000

Alterations and renovations involving an outlay of \$20,000 are planned for the Edmonton store of this company at Jasper and 101 street, J. B. Mason, buildings representative of the L. K. Jagt drug company of Toronto declared on his arrival here Monday. Work underway and is expected to be completed early in May, Mr. Mason said.

A frequent visitor on his business, Mr. Mason declared that from Winnipeg, where he had been several months on conditions here, the general opinion prevailing that Edmonton was the brightest business spot in the west. He declared that the work involved in the renovation of the store here included the complete replating of the establishment with the newest type of merchandising display, with fixtures all in natural maple. An air-conditioning system is being installed, with an up-to-date perfume bar and toilet goods section.

Extensive window alterations will be made and a modern dispensary will be installed.

Mr. Mason expects to spend two or three weeks here. He served overseas during the World War as a lieutenant and later as a captain with the 7th Field Company, Royal Canadian Divisional Engineers and was awarded the Military Cross "for conspicuous gallantry in action". He has many friends here, especially among the veterans, and also the 4th, 8th, 10th, 12th, 14th and 16th regiments of the Third Division.

## Officers Are Installed By Optimist Club

D. W. F. Richardson, president of the Optimist Club, and other elected officers of the club were installed Monday night at a dinner meeting in the hotel. He succeeded C. M. Horner. Ceremony of installation was presided over by past president D. Stutcliffe, and guest speaker Rev. Dr. George A. Macdonald of Knox United Church spoke on the significance and value of the Optimist creed.

Other officers of the club are vice-presidents, R. D. White, Dr. L. Miller, R. C. Eaton, H. Hayes; treasurer, R. W. Hamilton; secretary, R. W. Hamilton.

## Last Rites Held Tuesday Afternoon For Sam Rawson

Last rites were held Tuesday afternoon for Samuel Rawson, 65, of 47 Connor road, who passed away at his home Saturday morning. Mr. Rawson served in the Imperial army for 21 years, taking part in the Italian Front and the South African War and the Great War.

Funeral services were conducted by Canon G. C. Reynolds from Howard and McGill's chapel in the Edmonton cemetery.

Members of the Canadian Legion acting as pallbearers were Ben Jackson, J. L. Davies, J. Jones, C. Wadman, R. B. Evans and Mr. C. Wadman. E. Spinks sounded the Last Post, while the burial ritual of the Canadian Legion was read by Thomas Griffin.

## Cyclist Injured

Thrown over the handlebars of his motorcycle when he made a quick stop at 101 street and Jasper avenue at 8:50 p.m. Monday, William Parker, 36, mechanic, of 11827 28th street, was cut and bruised. He was taken to the Royal Alexandra hospital by a passing ambulance. Those attending him said Tuesday that his injuries were not serious and that no bones were broken.

# They Call It Non-Sinkable

As the 10,000-ton passenger vessel, designed for use as an auxiliary in case of war, left the shipyard at Fort River, Mass., a few days ago for a trial run, U.S. naval architects termed the Panama, shown above, "the safest ship afloat." Experts say she is virtually non-sinkable and fireproof. One of the two sister ships under construction can be seen in the background. All will ply between New York and the Canal Zone.

## TOBACCO CASE WILL CONTINUE FOR TWO WEEKS

Fifth week of the preliminary hearing of charges against tobacco manufacturers, jobbers and retailers of an alleged tobacco combine was completed Monday at the court house. It is estimated that at least two more weeks will be required to present the prosecution's case.

More than a score of witnesses have been examined during the hearing to date, and 2,400 exhibits have been filed. The volume of the evidence, containing approximately 700 pages, was issued in book form to counsel engaged in the case late last week.

Monday afternoon Earl Spaford, vice-president in charge of sales, Imperial Tobacco Sales Company of Canada Limited, was questioned by A. L. Smith, K.C., relative to correspondence passing between him and members of jobbers' associations throughout western Canada. That there was no essential difference in the price maintenance policy of manufacturers toward the selling of tobacco as distinct from cigarettes, was established Tuesday morning in the preliminary hearing of charges of an alleged tobacco combine when J. M. O'Brien, sales manager, Imperial Tobacco Sales Company of Canada Ltd., was questioned. O'Brien declared there are many different sizes and weights of tobacco packages, and the weights were governed by excise tax stamp denominations. Questioned on the company's policy toward direct accounts Mr. O'Brien stated that merchants through the wholesalers was preferable, as there were approximately 85,000 retail accounts in Canada.

## Mercury Rises, Wind Drops As Old Sol Smiles

The weatherman was a little more gentle with Edmontonians as he reined in the wind and allowed the mercury to climb to 48° at 8:00 a.m. He also seems to continue fair and mild weather for the day.

Temperatures shot to a high mark of 54 above Monday afternoon. Weather was warm in the far north, too, Dawson claiming a reading of 54 above. That dust clouds sweeping into the city from southern Alberta, where heavy dust storms were reported, partially obscured the setting sun Monday afternoon and cut visibility to a little over a mile.

## Anglicans Plan Special Events Anniversary

Twenty-fifth anniversary of the Anglican diocese of Edmonton will be celebrated with special services throughout the week and a jubilee service Sunday.

## Cash and Carry Provisions May Expire April 30

WASHINGTON, April 18.—Senator Key Pittman disclosed today that "cash and carry" provisions of the United States Neutrality Act probably would be allowed to expire April 30 despite the European crisis.

## SAFETY ZONES PROPOSED FOR PEDESTRIANS

Marking of client pedestrian safety zones at intersections between 100 street and 106 street along Jasper avenue, has been recommended to the city council and commissioners by Edmonton Junior Chamber of Commerce. Estimated cost of the zones would be \$50 each, according to C.

The above imaginative conversation will be repeated, with suitable variations, of course, not once, but many times in many different places, during the next three weeks. For breakfast it almost here, Mackenzie Air Service have finished their operating Canadian Airways will finish Wednesday. And then the pilots will get holidays and be able to live a life of luxurious indulgence for the next three weeks.

Meanwhile Rudy Heus, C.A.L., was northbound Tuesday morning with four passengers for Yellowknife. He will fly to Chipewyan where he will turn his load over to Alf Gray who is "breaking in" at Yellowknife. Wednesday North Saskatchewan and West Wales will fly the two Simons up to Yellowknife. Jack Crosby is expected in Tuesday from Yellowknife.

Yukon Southern is kept busy; Ralph Oakes arrived in from Fort St. John with four passengers. Ted Field is expected to arrive at Vancouver Tuesday with the Barkley-Grow.

B. P. Leckert, trader and trapper in the N.W.T. since 1920 left Edmonton for England over the weekend, but has "quit" the north, he says, although he plans to come back to Canada.

## City Members Of C.M.A. To Attend Calgary Meeting

With a number of Edmonton members of the Canadian Manufacturers' Association, Secretary T. A. Ashburn of the Alberta branch of the C.M.A. is leaving for Calgary to attend the annual meeting of the Prairie Division, which is being held in conjunction with the Alberta Branch annual meeting on Thursday, April 20.

F. D. Schultze, of Edmonton, chairman of the provincial legislative committee of the association will submit a special report to members on matters affecting their interests.

The meeting will be presided over by T. George Wood of Raymond, chairman of the Prairie Division and the special guest speaker will be J. C. Malone, K.C., of Regina.

Other guests invited include Hon. William Abernethy and Hon. C. Manning, minister of trade and industry in the provincial cabinet.

## Man Gets Sight Back After Six Years' Blindness

MACLENNAN, Ont., April 18.—After six years of blindness, Maclellan, 76 today is once more enjoying the use of his eyes. Sight was restored by an operation for cataracts performed by Dr. A. F. Roberts, former member of the Ontario legislature.

"It was the greatest experience of my life to see the nurse come into my room after the bandages were removed," Maclellan said. An Algonquin pioneer, Maclellan carved his farm out of the bush 50 years ago.

## Lillibullero Is Winner Of Great Metropolitan Race

EDSMON, England, April 18.—James de Rothschild's Lillibullero, four-year-old by Hollingbroke from Scintilla, today won the great Metropolitan Handicap over a five-mile course, defeating Miss Dorothy Page's Foxglove by three lengths.

# MAGIC BALL IS SHOWN HERE BY ARMY AND NAVY

Swami's famous crystal ball has long been the subject of much conjecture, but an even more astonishing phenomenon was reached, Edmonton in the form of the Tefelush Magic Crystal Ball invented last year and displayed by the Broadcasting Corporation of America at the World's Fair in Chicago.

A large sphere about 18 inches in diameter, the crystal is on display in the Army and Navy Department Store window on 101 street all this week.

Made of mirrored glass the sphere is mounted on a hollow wooden base which holds two ordinary radio tubes. An electric wire runs up through the base to a 100-watt bulb over which the sphere floats, and when a human body passes in front of the sphere within two feet, the radio-electric waves of the body make a contact which causes the lamp to light, thus revealing the contents of the sphere visible.

The management of the Army and Navy Department Store has placed an advertisement in the mirrored glass to the effect that as a passerby has only to pass his hand in front of the sphere in the window to make the contact through plate glass, the crystal will cause the lamp to glow.

N. Cook, chairman of the civic safety council of the junior chamber, urged with a view to cutting down the number of traffic accidents in the city, junior chamber officials stating that four deaths since the first of the year is unusually high. They expressed the hope that the toll for this year might be one of the worst in history.

The commissioners stated that the recommendation would be to have a life of luxurious indulgence for the next three weeks.

# 300 Guns Registered In City Police Check-Up: Wide Range In Firearms

Approximately 300 revolvers, automatics and pistols have been registered at the city police station in the current registration of firearms. Accountant H. S. Reynolds said Tuesday.

Registration, which is compulsory and is to be completed by the end of May, is "proceeding very slowly," he said.

All shapes, sizes and varieties of firearms have been examined during the registration, the guns ranging from huge pieces of iron known as frontier models, in the line of the late, miniature Kottler automatic made in Belgium.

The miniature Kottler is owned by J. Lockie, 1187 36 street, and is 2 1/2 inches long and 160 inches along the butt. Firing a pellet about the size of a pin, the weapon is powerful despite its size, and is capable of sending the little slug through a fairly thick door panel.

Mr. Lockie, who has had several opportunities to sell the gun, keeps it as a souvenir.

## CABIN BOY FINDS GEMS: GETS \$1,350.00

DURBAN, South Africa, April 18.—Paddy Kelly, cabin boy aboard the Empress of Britain, saw a half-penny lying in a corridor about the liner. As he stooped to pick it up he found jewels worth £2,000.

£12,750 almost hidden in a corner. They belonged to a passenger, Mrs. W. C. Cairns, and had been missing since the ship left at 11 a.m. in the 1910-1915. Paddy is richer than the £170-150 reward for the discovery.

## South Africans Disappear Police To Nazi Zone

JOHANNESBURG, South Africa, April 18.—The Union of South Africa today dispatched 500 of its police under sealed orders to southwest Africa, a German colony before the Great War. The territory now is administered by the Union under a League of Nations mandate.

German agents have long been active in bringing German residents round to the Nazi point of view.

# THREE PREMISES BURGLAR HERE: LOOT IS TAKEN

Two private residences and the premises of the Standard Insurance Co. at 106 avenue and 121 street were broken into Monday afternoon and night. Const. E. Fordland, passing his beat at 1:28 a.m. Tuesday, found the entrance gates to the Standard front yard open, and found a window had been pried off. He tried the front door and rear doors, and then started to crawl in the window. He heard a noise and when he ran around in the rear of the building found the rear door standing open. A search of the rear failed to locate the burglar. The firm was checking Tuesday to discover any loss.

Youths entered the homes of A. E. Cullen, 1033 121 street, and W. L. Weaver, 10719 121 street, Monday afternoon. A neighbor saw a youth about 20 years of age go in the front door of the Cullen home when it was unlocked and leave shortly after. A checkup of the house revealed that 30 cents and a watch had been stolen, the house being ransacked.

## LABOR GROUPS PLAN MAY DAY CELEBRATIONS

Radical labor organizations in Edmonton are planning to make the May Day demonstration the most successful in recent years.

Committees have been set up under the chairmanship of A. Herd of the Canadian Labor Party, with H. Twente as secretary.

A. Miller, a Spanish war veteran, is in charge of arrangements for a parade on central parade while D. Jensen will have charge of the committee to make arrangements for the necessary parade bands.

All labor and progressive groups in northern Alberta will be invited to participate in the celebration.

## Refugee Medical Refused License

WINNIPEG, April 18.—Shortly before prohibition last night the Winnipeg police refused a license to a refugee, Dr. George Kinnel, on a charge of practicing medicine without a license. Dr. Kinnel, a German refugee, had been given a six-month holiday by 30-17 vote.

## Salt On Runways Is Safe Saturday

Runways at the Edmonton airport, constituted last year of Waterways salt mixed with gravel at a cost of \$150 and paid for by the Dominion government, were imported recently by officials of the city engineer's department and reported as standing up well in addition to shedding water satisfactorily. It is not certain that the type of suffering on the runways will be enough on other roads, officials maintained.

# GENERAL ELECTRIC

A MILLION CANADIAN FAMILIES have discovered new happiness... new leisure... new savings... by living electrically. To acquire these people with power for electricity in the home, Canadian General Electric has consistently advertised its wide range of products in the Canadian Daily Newspapers.

And records show that daily newspaper advertising does a highly effective job in promoting wide use of General Electric Appliances.

General Electric Appliances safeguard perishable foods, cook delicious meals, even wash the dishes. Other labour-saving devices make child's play of washing and ironing—keep rugs and floors spotlessly clean. Still others provide automatic heating and air conditioning. And Edison Mazda lamps ensure good light that is kind to the eyes, while G.E. Radio brings to the home a world of entertainment.

Daily newspaper advertising has made the public "electrical minded". Proof of this is strikingly evidenced by the fact that recent Canadian General Electric newspaper advertising prompted more than 40,000 men and women from Halifax to Vancouver, to write letters to the subject: "Why I Prefer the Electrical Way of Living?"

# CANADIAN DAILY NEWSPAPERS

# Looking Them Over

## By Jack Kelly

### Worthy Champs

### Ball Winds

### The Roundup

IT SEEMS now that Billy Taylor isn't the only hockey player on the Oshawa club after all. He didn't get a goal last night, but the Generals' superb domination of the Memorial cup game, the first of the series, was a masterpiece of strategy, speed and skill. The players who were on the team that Oshawa proved to be the best that have a team fully deserving of domination championship honors.

Knowing them only to results obtained against a club whose strength I judge, the Generals appear to be one of the super-teams that arise every now and then. It is reported that each General was promised a new car by the club's sponsor if they took the title. If anything should make them give their title, that part of a prize would.

Today Edmonton is full of explanations as to why the E.A.C. lost. Strategy, local, tough luck—there are a score of reasons. But the downright, ugly truth of the matter is that Oshawa was too good.

Fans here are still sure because they were denied a chance to see part of the series. Undoubtedly the E.A.C. would have been better at home, but then, the club spent most of the season in the west. According to the story, if you have had any experience with domination championships played in the west, you will know that the western club has to be 20 per cent better than the easterners to win. It takes that much margin of effort to travelling, different climate and so on. The same would undoubtedly apply to an eastern club playing here. For an eastern club to play in the west is a complete feat. For Manitoba to beat the Atlantic club is a feat. For the Generals to win the Memorial cup is a feat. I have extended for a long time that the only way you can get a fair test in any championship is to divide the series games as equally as possible between east and west. This however will not mean travelling on the club that plays in the west. It is still much more than that the present arrangement is one, are players and fans.

## Baseball Winds Are Blowing

AND that's what so far as a hockey concerned for the season. Baseball is blowing at the door now, the first thing being given by the energetic Cecil Goldsmith who has rounded up the makings for a junior and juvenile team. Mr. Horner, then when there is no better or more money to be had, has taken these two clubs under his wing and will play under the banner of Arroyo Blues. The first practice for both teams will be held on Wednesday, although the place has not yet been decided on. Any youngster with baseball ambitions is welcome to try out. Juvies are 12 to 18 years and under. Juniors are 19 years and over.

Soldier Thomas of wrestling fame, the man who coached the High team in football last year, is coaching the Arroyo Blues. He has the knack of being wide to get into the knowledge of his kids.

## Rounding Up the Strays

BOSTON sport pages carried some of the other day this club and Bill and Lester Patrick had a rough night, a single where he no longer could feel the double job of coach and business manager. Patrick is said to be planning to leave the business office and put Frankie Bruecher on the bench to master mind the Bruins.

Eddie Shore has accepted the throne as Boston's most admired athlete according to Bill King of the Associated Press. Bill says that on the personal side, John L. Sullivan and Babe Ruth were graced in the minds of Boston folk. After the final Stanley cup game, it took Shore ten minutes to work his way through a mob of autograph fans.

There is still to men that U.S. football has lost its drawing power—at least as far as the big wind and are concerned. New Orleans was named on a 50,000-seat stadium that will be one scene of its Super Bowl games on New Year's Day.

## BRONKS TO SIGN EIGHT U.S. STARS

CALGARY, April 18.—(Continued) The Western Canada Jr. territorial football rivalry. Can rights against a warning to the other three teams with a statement that regulations are set day for services of eight United States players for the 1939 team. The Calgary Booster Club officials announced that more than 50 applications have been received from players in various U.S. colleges.

Negotiations have started with eight players from the various colleges and in addition 35 Canadian players are given training, club officials said.

Coach Don MacLellan said that the club is not in a hurry to sign any players. He said that the club is not in a hurry to sign any players. He said that the club is not in a hurry to sign any players.

# OSHAWA GENERALS COULDN'T WIN JUNIOR TITLE

## Third Period Onslaught Kills E.A.C. Lead and Ends Cup Series

By JACK DEARIN  
Edmonton Staff Writer

TORONTO, April 18.—Fighting until the very last second, a gallant Edmonton Athletic Club squad bowed out of the Canadian junior hockey final, beaten 4-2 here last night by Oshawa Generals in the fourth game of a best-of-five Memorial cup series.

Oshawa's win last night was the third for the Generals in the series. It earned for them the Memorial cup, emblematic of Canadian junior hockey supremacy. Oshawa won the first two games by large scores, met a winning E.A.C. team in the third game and then barely scraped through for a win last night.

Three goals in the third period gave Oshawa its margin. Those three goals beat a squad which had taken the lead for 41 minutes in a grueling battle at Maple Leaf Garden. Eleven thousand, three hundred and twenty-six patrons crowded the vast gardens. All voiced praise for two truly great teams.

Oshawa scored its last two goals in the third period. The McAvoy brothers, Norman and Jack, were the heroes. Norman scored the third period scoring while Jack scored the second.

## Giants' Hopes With Bat

Goalie Cliff Kilburn partially stopped the puck to have it on the goal line where it was followed in by a shot which followed in the net.

Over the opportunity, Norm was around the net. He was in a defensive area when he broke up a rush before it got underway. Two of the E.A.C. went after him to be skated in on Kilburn but he never let his stick get to the puck.

General had a two-man edge when they tied the score early in the second. Jimmy Drummond was the hero. He was a forward and the work of Goale Kilburn was the reason for the lead until the Generals swung into action to break up a series of rushes.

Mr. William M. Terry, variously known as Our Will, the Cherished Leader, etc., is counting on this pair to do big things for his New York Giants this season. Left is Zoltie Brown, expected to add much-needed punch at the player. The right is Mel Ott, who has hit more home runs in the league than any other player in active service.

## Long, Strenuous Campaign Comes to End for E.A.C.

By JACK DEARIN  
Edmonton Staff Writer

TORONTO, April 18.—Edmonton Athletic Club's grueling hockey campaign ended last night. The squad will stroll tonight, starting their long journey home.

E.A.C.'s dropped out of the Memorial cup final, emblematic of the Canadian junior hockey championship, beaten last night by a 4-2 score. But in defeat, the E.A.C. were a gallant bunch. They had their colors and they were a battling outfit and fought all the way.

Our Edmonton boys gave their all for their grand province. In three months they seemed headed for a second year, that compelling cry of the greatest rallies attempted in the Memorial cup.

FACE TELLS ON TEAM

In the third frame, especially near the end, the blistering pace had its tolling effect on E.A.C. players. In the fourth, they were weary, but they were always were striving to do the superhuman. It just ended, just and in 13 agonizing minutes I saw our champions faded like a dream.

Back at the hotel, the squad was dejected. For some of the boys it was the last year after battling for four years to expel the revered Memorial cup. They especially were dejected.

One of the most downhearted lads was Bobby Orr. Bobby is the youngest of the team. He was in the hotel and the team manager after the game. He was in the hotel and the team manager after the game.

STILL THE SHADOW

Edwin Korbler was still Billy Taylor's shadow. He watched Taylor throughout the game and he was in the hotel and the team manager after the game.

Baseball is scheduled on eight fronts today

NEW YORK, April 18.—If the weather man feels in the night mood—chances are he won't—all 16 major league teams get baseball's centennial year under way in full force today.

Bad weather rained half of the usual two game advance opening Monday, leaving the United States' N. right-handed, President Roosevelt, along with New York's right-handed Washington Senators, to the sidelines.

The other half of the curtailed first spring games saw the highly regarded Cincinnati Reds, the "rascals," the predicted favorite for the league pennant, fall apart in the late innings and drop a 7-5 decision to Pittsburgh Pirates.

RAIN IS PREDICTED

Though rain showers or honest drizzle rainstorms are predicted for the rest of the week, the forecast for the game is not so gloomy. In Detroit, where the White Sox invade the Tigers, the outlook is "rain or shine." At St. Louis, where the knowns enter Cleveland Indians, the prediction is "rain or shine." Nearly 300,000 fans are expected to attend the first game of the season in New York City, where the Yankees are expected to meet the Red Sox.

## PIRATES OPEN WITH VICTORY OVER REDS, 7-5

Vander Meer is Knocked From Hill in League's Opening Game

By FRANK HOWELL  
Associated Press Staff Writer

PITTSBURGH, April 18.—(Continued) Pirates' victory ended their opening day victory. Pirates' victory ended their opening day victory. Pirates' victory ended their opening day victory.

Table Tennis Ruler

Canadian Press Staff Writer

Jimmie McCreary, 23-year-old Indianapolis star, became the first American to win the world table tennis singles championship when he defeated Thor Hest of Hungary in four sets at Toledo, O.

## Pair of Brothers Heroes Of New Junior Champs

By SYDNEY GILSON  
Canadian Press Staff Writer

TORONTO, April 18.—There's always a hero and also last night it was husky Norm McAtee, sharpshooter who picked up the spark and fired Oshawa Generals' smack dab into the Memorial cup. They won't make more modest heroes than Norm.

At the General's ended a two-year wait for junior hockey's highest honor by beating Edmonton Athletic Club 4-2 in the fourth game, the McAtee brothers, Norm and Jack, came into their own. They were the heroes of the night.

With The Pin Busters

Bakers 5 Pins-1, Lepine 27-3, Widenstam 6-5.

Rugby Star Killed

BIRMINGHAM, Eng., April 18.—Charles Storr, 28, English rugby internationalist, was fatally injured in an automobile accident Sunday. Storr played his "rug" against Scotland in 1934 after a brilliant career with other rugby teams.

## GERMAN 111

**GERMAN NA  
HEADING  
SPAIN WA**

---

**More Than 25  
Reported Enga  
Spring Mance**

**BERLIN, April 18.**

man fleet has headed from Kell and Wilhelm its way to spring into Spanish waters, a spokesman announced.

More than 25 warships reported engaged in the which will take them to of Gibraltar—now part French warships while Mediterranean fleet based in the eastern Mediterranean.

**HITLER IN AUSTRIA**

Chancellor Hitler, two days before his 50th birthday, will visit Vienna today.

Rumors that German  
land had agreed on return-  
ing Free City to Ger-  
many were termed nonsense by  
sources. The Free City  
of Danzig is under  
the Polish customs ad-  
ministration, but nominally is under  
international protection.

**OLD TRADITION**

The German fleet's successes off the Atlantic coast were described officially as the assumption of an old tradition that General Franco has in the Spanish civil war.

(Sixteen French warships were concentrated at or near the Mediterranean fleet's base while virtually the entire Mediterranean fleet was around Malta and other Mediterranean bases).

**France To Take Further Steps**

## N.Z. SOCIAL SECURITY ACT IN OPERATION

Married Couples 60 Or Over Receive Approximately \$11.25 Weekly

WELLINGTON, April 18.—The New Zealand government's social security act, which married couples aged 60 and over receive pensions of £2 (approximately \$11.25) a week, is now in operation from other sources, making a total income of £4.

It is hoped few hospital, medical and infirmity benefits under the act will soon be available. Meanwhile, however, all sections of the New Zealand branch of the British Medical Association have passed a unanimous resolution, declaring the government's scheme for medical benefits under the act to be unacceptable to the medical profession.

**BEST SOCIAL SYSTEM**  
Prime Minister Michael Savage is conferring with Peter Fraser, minister of health, on the doctors' attitude. He contends the scheme represents the best social system in the world and that benefits available are essential for the well-being of the community.

"I know of no better investment than this expenditure on social services which will increase the efficiency of the country," he said. "This step represents a landmark in our history."

The act provides that ultimately all persons at the age of 60 shall receive a pension of 30 shillings a week.

**Mallette Death Raises Vacancies In House To Three**  
OTTAWA, April 18.—Death of Vital Mallette, Liberal member in Montreal, Monday raised the number of vacant seats in the House of Commons to three.

Liberal hold 178 of the 245 seats. Conservatives 58. Social Credit 16. Co-Operative Commonwealth Federation seven. Independent Labor one and U.F.O. Labor one.

Dr. J. W. Rutherford, Liberal, died recently, creating a vacancy in constituency. Then Rt. Hon. B. Bennett, former Conservative leader, resigned his Calgary West seat to live in England.

## Plan To Stop Drift Of Farm Population To Cities Presented House

OTTAWA, April 18.—A plan for stopping the drift of farm population to the cities was presented to the House of Commons last night by Harry Leader (Lib., Prince La Prairie) when debate on the relief resolution was resumed.

He urged the Dominion government to take the necessary steps to money to the provinces and municipalities working in cooperation to organize a movement of resettlement.

Mr. Leader said the government should take the initiative by making the offer to the provinces. The provinces and municipalities could take an inventory of the lands available. This would involve lands at present unused but suitable for settlement, and parts of farms too big for the present owners who would probably be glad to sell a part and thus reduce their own responsibilities.

It would be a good investment for the government to provide for a living and would remove thousands from the relief rolls.

**DUCAL TRIP TO NORTH IRELAND AGAIN PUT OFF**  
BELFAST, April 18.—The Duke and Duchess of Kent for the second time postponed their trip to northern Ireland today after the Belfast government advised that would be preferable if the projected visit of the royal highnesses did not take place during the present year.

The cancellation was attributed unofficially to threats of the outlawed Irish Republican army charged with carrying out a campaign of bomb terrorism in England.

The bombings, which started last December, were attributed to the Irish Republican army and the Duke and Duchess to postpone their trip originally planned for this year.

A government announcement said the Duke "kindly accepted" that the trip be postponed to a later date and "has expressed the hope he may be enabled to pay a visit to northern Ireland upon his return from Australia."

The Duke, youngest brother of the King, will go to Australia in November as Governor-General.

## BRITISH PLAN ABOLISH PROFIT IN WAR TIME

Measures Would Place Sales Under Government Control

LONDON, April 18.—Measures designed to abolish war-time profiteering and the operation of such by placing its sale under strict government control were published today by the Board of Trade department of food defence plans, George F. Lloyd.

The department expected how the plan would assure an equitable distribution of food to the population in event of a conflict, and prevent recurrence of shortages experienced during the Great War.

Representatives of various branches of commerce would be food defence officials in elaborating the plan.

**LOCAL COMMITTEES**  
The scheme provides for creation of 1,400 local food provisioning committees, the members of which has been selected. All documents required for their work, including 10,000 food requisition blanks and 60,000 ration cards, have been printed by government printing press.

The plan provides stringent government control over the purchase of necessary foodstuffs from foreign countries and is a social producer.

**TO AVOID RISKS**  
Authority to purchase and transport foodstuffs will be concentrated in government hands to eliminate competition and speculation among private traders. It will also avoid risks, losses, damage and delay in shipment.

Existing import firms would handle war-time purchases from foreign countries in the capacity of government agents.

The plan was said to be advanced to the stage where the pushing of a bill or the despatch of a telegram could set it in motion all over the country.

**2 High Schools Closed By Strike: 250 Walk Out**  
PORT HANCOCK, B.C., April 18.—The two high schools of the Fraser Valley municipality of Maple Ridge, which already is harassed by a lack of electricity, were closed today when 250 students walked out in protest against failure of voters to pass a resolution that would have given them a new building.

The students, aged 12 to 19 years, went to school and paraded to the municipal hall with banners: "We want a new school—Hank is with us" and "We are school children."

Leaders of the strike said they plan a week's "holidays" in their protest. Last night the students paraded to nearby Port Hammond where they camped overnight. A school was registered in a public house April 8.

**Heppner Urges Quick Capture Of Timber Pirates**  
TORONTO, April 18.—Premier Mitchell Heppner in the Ontario legislature today said he hoped the inquiry to be made into administration of timber lands and forests department would be thorough and complete.

"I want to see timber pirates taken care of," he said. "I am sure if we are not careful, we are inclined to agree with the opposition leader that there have been timber pirates."

The motion of Conservative Leader George Drew for a select committee to inquire into the department's administration has already been accepted by the government.

**Toronto Urging Probe Of Nazi Organizations**  
TORONTO, April 18.—Toronto city council voted unanimously last night to ask the federal government to conduct a public inquiry into the operations, activities, propaganda, property, means and sources of income of Communist, Fascist and Nazi organizations operating in Canada. The decision was reached after two hours' discussion.

The probe, held under the Dominion Inquiries act, should include investigations into all other organizations or groups seeking to promote or teach abhorrent, subversive, anti-democratic, anti-British and anti-Canadian doctrines in the Dominion, it was decided.

## WEDNESDAY HALF-DAY SPECIALS
